Canadian Legion Holds Farewell Social

A company of over seventy members and their lady friends took part in a farewell social on Tuesday, July 2nd, in honour of Comrade and Mrs. J. Mackenzie, who left for the old country Monday last.

After an hour or so of cards, at which Mrs. T. Wright won the ladies prize, and Comrade H. McGregor the gent's first prize. A dainty supper provided by the ladies was served. The artistic table decorations were the work of Mrs. D. French and Mrs. T. B. Harris.

The president, in expressing the Legion's regret at the departure of Comrade and Mrs. Mackenzie, mentioned how well they had served in the past in the interests of the G.W. V.A. Comrade Mackenzie being this branch's first president, and a prime mover in the local organization; the Memorial Tablet was made possible mainly by his efforts.

In his endeavors, the cooperation of Mrs. Mackenzie was never lacking, always having an interest in anything undertaken, and holding office as president. In the late Ladies Auxiliary. As a mark of appreciation and esteem, on behalf of the Legion, the president presented them with a silver tray, fittingly engraved.

In replying, Comrade Mackenzie spoke of how keenly he felt at breaking the ties that bound him to Strathmore. His interest in the Legion was one that would not wane, and although he had been given much credit for the work accomplished, he had often been only the spare that began the motion, and others had carried it on to the conclusion. He hoped to return to Alberta in the near future, and would not be a stranger to the town.

After supper Miss M. Watson and Mrs. Hirtle tickled the ivories, with J. Gannon tooting the sax, provided melody for the latest in dancing, while Comrades Bremner and Anderson put on what seemed to be a free-for-all, but it turned out to be an exhibition of spirit and was only an old time dance gone wild.

TRAIN DELAYED

No. 4, due in Strathmore at 3:27 p.m. did not arrive on Wednesday afternoon, having been delayed by a slide in the mountains on the Revelstoke Division.

NIGHTINGALE SPORTS

To Nightingale sports were held on June 30 on Archie McLean's ranch, and, as usual, were a decided success. There were about 150 people present who thoroughly enjoyed themselves.

Dick Cosgrave, Canada's Junior Guy Weadick, riding "Wild Boy."

THE GOLDEN HIGHWAY TO LAKE LOUISE

LAKE LOUISE, Alta.—The first automobile highway across the Great Divide from Lake Louise to Field B.C. running parallel to the Canadian Pacific Railway, was formally opened recently. A unique feature of the new road is that in the sixteen miles from Lake Louise to Field it drops fifteen

Tuesday night Councillors Shrimpton Schulte and Miser, accompanied by Supervisor Hanson, Rector of the Provincial Agricultural Department, and Col. A. E. Myatt, visited the local Park, and gave it the once-over in connection with the weed menace.

They were horrified to find the infested condition, especially in relation to the infamous Sow Thistle and the Canadian Thistle. The decision arrived at was to have all the grass cut at once, and use any other efficacious method or treatment that will eradicate the obnoxious weeds.

Col. Myatt gave a very practical demonstration of the effect of a chemical treatment upon the thistles, which had been operated upon on Saturday last. They were certainly a sick looking outfit in comparison with their brethren which had not been subjected to the course of treatment. Collected by the Colonel's prescription. Col. Myatt claims that three treatments will absolutely destroy either thistles or dandelions.

The preparation is an inexpensive powder, and is most advantageously used when the dew is upon the plant, and certainly is well worth the most careful investigation into its merits. The condition of the park has become so infested that efficient measures are required, and also quick action in order to save the park from destruction, which would be the result if the Supervisor should order the land to be plowed, which he has power to authorize.

Mr. Benton, on the other hand, is a great lover of nature, and is a real enthusiastic over the beauties of the local park, and is anxious to do anything else that would be equally effective, and at the same time save the park.

In any event, the weeds have got to go, is Mr. Benton's slogan, and the Councillors are giving him their best support in attaining the goal in sight.

THE GUN CLUB

The weekly meet was held on Tuesday night. J. Bosmans was the new recruit, and was a little nervous at first, but came along fine and landed six birds out of the last ten shots. It was a sad night for Mat Barber, he was in pretty good form himself, getting 19 and 20, but Rexall Red broke his heart, who only got 12. Joe tried to explain that he had been very busy at the store all day and hadn't had time to get his lunch, and with our lunch Red is not himself. Mat insists it is not the lunch, but the tennis game that is ruining Red's chances. Whatever the cause, Mat sure had the blues, and it lasted until the next day.

However, Pierson put them over for 23 and 24, while Nels White came across with 22 twice, winning the cup, while Jim Whitehouse only let four get away on him and Morris West came through with 20.

Following are the scores:

BASEBALL

Manager Hill and his band of warriors met life Rockyford stars at the Standard sports and brought home the bacon, score 4-2.

The Rockyford boys almost caused heart failure in keeping the game so close, yet the manager was delighted to add another scalp to the bundle he is now carrying around, and will look forward to giving the boys from the north another chance, when the spectators may look forward to a real tussle.

GOLF

EDITORIAL NOTES

The sooner the Dominion election is brought on and finished the better it will be for general business. In the interval, the uncertainty that exists has a very detrimental effect upon business, especially in the manufacturing lines.

Agnes McPhail, representative for Grey, is the House of Commons, will be quite peeved at Hon. Mackenzie-King and Hon. Arthur Meighen for spoiling her nice holiday, all arranged to be spent in Banff. She had just placed one foot on the gang plank when she learned what they were doing, so she cancelled her trip and returned to the battle ground.

The recent heavy rains in the Bow Valley, together with the bright warm days, have had the effect of turning the crops along in leaps and bounds. Prospects for a good crop are excellent, and if a further supply of moisture follows the outlook is most encouraging.

Boys, bring your best girl to the Strathmore Stampede and Carnival on Wednesday, July 14, and if you haven't yet made the date good and safe DO IT NOW. This means you. She is coming with some person, that's a dead sure thing.

Dick Cosgrave has been looking over the bunch of buckers, which will be used at the Strathmore Stampede, and he claims that they are the best he has ever seen. They are being fitted like a bunch of race horses, and when they jump from the chutes, you will sure get a thrill a minute.

Say Mr. Married Man, don't forget to bring "friend wife" and the kiddie to the big stampede at Strathmore on Wednesday, July 14, or you will be sorry. You'll hear about it every day for the next twelve months if you don't.

The people who recently left the Park all littered up, are either very thoughtless or are easily lacking in town pride, and in any case should be forced to act differently. There are few towns that have such a beautiful spot, and it certainly should be kept in condition. There is not a single valid reason for not doing so, and the cost to do so doesn't amount to anything.

A \$ DOWN AND A \$ A WEEK

A friend of mine bought a gramophone. For a dollar down and a dollar a week.
(This is the easiest graft I know. This dollar down and a dollar a week.)
So he bought a chair and a fountain pen.
A runabout car and a stove, and then a set of the "Lives of Famous Men". For a dollar down and a dollar a week.
Then he bought two brand new radio sets.
For a dollar down and a dollar a week.
And a dozen cartons of cigarettes.
Then he bought a ring that was fair to see.
For the fly-white hand of his bride to be.
And after the wedding the ministers fee.
Was a dollar down and a dollar a week.
Then he bought a house for his family.
At a dollar down and a dollar a week.
And when they got sick the doctor's fee.
Was a dollar down and a dollar a week.

Then said his wife: "I must be free. These weekly payments are ruining me."
So she got a divorce, and the all-mouse.
Was a dollar down and a dollar a week.

BRITISH COLUMBIA NOW SHIPPING VEGETABLES EAST

VANCOUVER, B. C.—For the first time in the history of British Columbia, green vegetables were sent from Vancouver to Montreal and Toronto. British Columbia fruit is well established in the Eastern markets and potatoes from this province have been shipped to Ontario and Quebec in large quantities on occasions when the potato crop in those provinces has been light. Up to the present, however, green vegetables from Florida have supplied the Eastern market between crop seasons there.

SPORTS DAY AT STANDARD

Standard chose to celebrate her sports day on Canada's birthday, July 1st, and a finer day could not have been chosen.

After several days of extremely hot weather, July 1st dawned clear and cool. A slight shower the previous evening had settled the dust, and had left everyone in good humor, ready to do their best to make the day a success.

Everything was ready at one o'clock, and by the time the crowd had congregated, the ball teams were ready to begin their performance.

The first game of baseball was between Huszar and Carletonville. It was a good clean game, and there were several good plays, the resulting score was 5-3 in favor of Huszar. Huszar then played the Strathmore side, who were in excellent form, and lost to them in a very close game. The final score was 4-3 in Strathmore's favor.

The horse races were the next feature of the day. Elmer Rasmussen winning first money. Walter Hansen was first in the pony race.

There were several foot races also. In the exhibition horse shoe game, Andy Hansen walked off with the first prize, while Frank Reeves, of Huszar, came second.

A splendid game of football took place during the latter part of the day when the Home team played the Army and Navy boys, from Calgary. The visiting team carried off the honors in a game which resulted in a draw of 3-0. The Navy boys were the best all-round sports that ever kicked.

a ball in Standard, and we hope that they will pay another visit to Standard again soon.

It is estimated that well over a thousand people were present at the Sports, and it is a credit to the Sports committee that such a crowd was handled in such an efficient and orderly manner.

At six o'clock a fine picture show "A Connecticut Yankee in the Court of King Arthur" was shown in the S. & S. Hall, and shortly afterwards the big dance started, which lasted well into the morning.

About ten o'clock a heavy rain started, and continued for several hours, so that it may well be said that it finished up fine at the finish.

Miss Lykke Anderson was a passenger to Calgary on Thursday's train. Miss Thelma Nelson accompanied Mr. and Mrs. Wagner as far as Lethbridge, where she intends taking a course in "Theory Culture."

BAINTREE

The proposed pantry sale of the Baintree U.F.W.A. ladies will take place at Rockyford in Mrs. Maurice Teas Room, on Saturday, July 17th, from 4 p.m. on. There will also be some fancy work for sale.

On Friday evening, July 2nd, the U.F.W.A. and U.F.W.A. held their regular monthly meeting at the school house. Radio music afforded the dancers a most enjoyable time. There was a very large attendance, and a pleasant and profitable evening was appreciated by everyone present.

On Thursday afternoon the U.F.W.A. auxiliary class met at the home of Mrs. Hopkins. Mrs. L. Deese and Mrs. F. E. Wyman were visitors. The next meeting will be held in two or three weeks time, when all the ladies hope to begin their fall hats.

Slogan for the next week—"Everybody in the Bow Valley is going to the Strathmore Stampede and Carnival, Wednesday, July 14."

The regular monthly meeting of the U.F.W.A. will be held at the home of Mrs. B. O. Wyman on Wednesday afternoon, July 14. It will be in the form of an "Old Maid's Party," and some novel stunts have been planned.

BAINTREE COMMUNITY CLUB

The Baintree Community Club held their meeting in the School House on July 3rd, eleven members were present. The report in the Sports and Dance

was read and new officers were elected for the year: President, Mrs. C. Kinmont; Vice-President, Mrs. P. J. Lyons; Secretary-Treasurer, Mrs. E. Rose; Trustees, Miss Mac Longbottom, Miss V. Dougan, Mrs. P. Colbert and Mrs. W. A. Bullas. Mrs. B. Bell was also nominated for a trustee, but being absent could not be elected. The Club is now incorporated, and the rules were read.

There is much discussion about the Baintree Community Hall and Club. The members would like it understood that the Hall, which we hope to have as soon as possible, is for the benefit of the whole of the Baintree community, not just a few club members. We have long felt the need of a large room than the school house for our various entertainments. We shall be glad of the support of all who are interested, and to welcome any new members.

A vote of thanks was passed for all those who had helped at the sports and dance. We also wish to thank Mrs. P. Colbert, and all who donated to the hall fund.

The next meeting will be held on July 15th, with Mrs. W. A. Bullas. A social evening will be held in the Baintree school house on Tuesday, July 6th, to wish farewell to Mrs. A. McTavish. Everybody welcome.

The ladies of the Baintree Community Club take this opportunity of thanking the people of Strathmore, who so generously donated to the Baintree Hall fund.

CANADIAN WEALTH PER
CAPITA STANDS THIRDEDMONTON, Alta.—In estimate
national wealth in millions of dollars,
Canada stands seventh on the list,
higher than Australia, Brazil, Argentina,
and in fact higher than in any
of the newer countries, according to
Dr. D. A. Macdonald, Professor ofPolitical Economy, University of Al-
berta. In wealth per capita in dollars,
Canada is only surpassed by the United
States and Great Britain. Canada is
among the only five nations showing a
surplus on current account and is
also among those countries having a
food surplus. She ranks fifth among
the nations as an "exporter and serv-
er" as an importer.HEARD ON THE
STREETTony Grogan says he has had many a
disappointment in his lifetime, but
none that remains in his memory like
one that came to him when he was a
small boy, when he worked hard to
get through his work to visit the
grounds where the big tent had been
put up, and which he was sure was a
circus tent. He was broke financially
but small-boy like, he finally got
under the tent, and to his disappoint-
ment he discovered that instead of it
being a circus it was an old-time re-
vival meeting.The husband: "Good heavens, do you
think I'm made of money?"The wife: "I wish you were, I could
get you changed then."Nature changes little. Grandmother

his neighborhood for ten years, and
then, one winter, he got religion. Hav-
ing turned over a new leaf, he decided
it would not be right any longer to
water the milk.Consequently he delivered it just as
it came from the cow. The next morn-
ing after he started delivering real
milk he was met by one of his cus-
tomers."I don't want any more of your milk,"
she declared wrathfully. "I don't
know what in the world is the mat-
ter with it, but something is. When
I went to open the bottle yesterday
morning it had a thick yellow scum
on it."Tony McKinley says you never hear a
man say—

Is my lay too straight?

Does my nose need powdering?

Have I got on too much rouge?

No one understands me!

I simply haven't a thing to wear!

Dick Cosgrave, Manager of the Stamp-
ede, is endeavoring with fairly good
chance of success, to get "Breezy"
Cox, the man who won Calgary \$3,000
prize last year, and who comes all
the way from Arizona to ride "em," at
the Strathmore Stampede and Car-
nival, July 14. "Breezy" is a good
sport, a good rider and a real live
guy, and would get a real welcome
from all the stampede fans.

A POSER

One sister was tall and slim,
The other was chubby and short—
Bessie sat looking at them one night.Apparently lost in thought.
"Mamma," she asked at length,"Which would you like the best—
For me to grow north and south like
Grace,Or like Mary, from the east to
west?""Sir," said Harold Smith with en-
thusiasm, as he seized the lecturer's
hand and shook it warmly, "I certainly
enjoyed your lecture the other night
at Calgary very much indeed.""I am glad to hear that," said the
lecturer, "but I didn't see you there.""No," admitted Harold, "I wasn't
there.""But," said the puzzled speaker,
"how could you enjoy my lecture if
you were not there?""Oh, I bought tickets for my girl's
parents and they both went."A professor was giving a lecture
and was warning up to his subject.
He wound up in this manner: "Man is
we have seen, is a progressive being
but many other creatures are station-
ary. Take the monkey, for example.Always and everywhere the monkey
is the same creature. You never have
seen, and never will see, a more per-
fect monkey than you see at the present
moment."Pete Telford says when he and
Jack Taylor were overseas, they spent
part of their leave in Scotland. While
visiting some friends near Glasgow,
Pete was informed that he could make
the trip for two pence to Glasgow, and
suggested to Jack that they go in
and have a real holiday. However, he
could not persuade Jack to make the
trip, as he said he was not going until
they put excursion rates on.Teddy Pendergast is quite a student

of this country's population is engaged

about the first two-fourths. The last
fourth is in jail. While down at Bas-

trip out was most enjoyable, but com-
ing back they thought they would take
a new course which Taylor and Nerr-

he claims he drove according to the
direction of the new pathfinders, and
finally landed in Chancellor. Frank

only "Five Foot Two With Eyes on

"Spanish Shawl" if she would "Kiss

"Clap Hands Here Comes Charlie!"He asked if she meant that "Princess
Fool." She answered "Who" could be
more "Collegiate." All I said was, "So
That's The Kind of a Girl You Are!"
I knew that "I Care For Her and She
Cares for Me" but it was no use so
he went out to Harry Thurman's for
"Just a Little Drink." Soon she said
"Are You Sorry?" He said softly "You
Told Me To Go" but you know that
"If I Had a Girl Like You" "Then
I'd Be Happy." She gave him
those "Lingering Lips" and all he could
say was "Oh Boy, What a Girl!""Pretty soon" "Teddy" came out and
said, "Don't Wait Too Long before

WHAT ABOUT CARING FOR THE PARK?

Strathmore is blessed with having one of the finest parks in the Province of Alberta. The town councilors spent considerable money this year putting it in apple-pie order, having the trees and shrubs pruned, trimmed and cultivated, making it a lovely spot and a most charming place where picnics may be held. Recently a picnic was held, and after it was over the loose paper boxes, wrappers, pop bottles, lemon and orange peels were left lying around, making the place a strong candidate for honors to outlive the nuisance ground, which has been a perfect nightmare to the mayor and councilors, especially Councillor Schulte, who has turned grey working on its problems.

The Standard does not know whether there is a by-law in existence prohibiting leaving of the park in such a condition, but would like to suggest that if there is such a by-law that should be strictly enforced, and if there is not such a by-law Town Solicitor T. M. Wrennes should be instructed to produce a cast iron one that would strike terror into the hearts of every offender.

The placing of a couple of receptacles near the tables in which to place all kinds of waste would help those who are anxious to keep the park tidy.

Further, the councilors have made Oliver Wright custodian of the nuisance ground, and for its condition he is now responsible. It might be well to add to his duties and responsibilities to put him in charge of the park, provide him his authority under a by-law, and see that he enforces it. In any case everything possible should be done to assist those who are trying to keep the park in a good condition, and take ways and means to straiten out those who make use of the park and are indifferent to the condition in which they leave it.

STRATHMORE STAMPEDE AND CARNIVAL NEXT WEDNESDAY

In another week the Strathmore Stampede and Carnival will be in full swing, and the prospects are that it will be the best yet produced in the Bow Valley. Sponsors Dick Cosgrove is most enthusiastic over the class of horses that he has been able to secure and, notwithstanding the fact that he expects the best riders in the province to attend together with a number of American riders who have made a reputation for themselves at Cheyenne, Wyoming, and Pendleton, Oregon, he is quite convinced that the fellow who wins the bucking contest which carries with it a cash prize of one hundred dollars, together with the cup donated by the Lethbridge Brewery, will be a real champion.

No less enthusiastic is Bob Anderson in regard to horse races, which, with the added money, will bring in a much larger entry list, and it is expected, faster bangtails. The male race promises to be a crackerjack. Following the Stampede and Races will be the Carnival, where an opportunity will be available to win all kinds of prizes, and at the same time have hours of fun.

There will be all kinds of novelties in the booths, such as blankets, boudoir lamps, French dolls, and many other articles. Don't forget the House House, and in addition, an effort is being made to secure famous trained little pigs, which made such a big hit at Calgary.

In the line of eats, the real carnival special, a roasted pup, Torrid Rover, the youngest and most jolly member of the family at hot dogs, will be in great demand. The newly organized Lodge of Elks will be most active in endeavouring

to furnish part of the amusements of the day.

The whole day, winding up with the Big Stampede Dance, for which special preparations are being made, and the well-known Mrs. Trainor's five-piece Orchestra, has been engaged, which guarantees that the music will be to the satisfaction of everyone who trips the light fantastic.

The Stampede organization are doing their utmost to put on one grand day, and everyone in the Bow Valley is invited to come and spend a real holiday.

PARLIAMENT DISSOLVED AND THE DOMINION ELECTION IN SIGHT.

Hon. Mackenzie King worried along from October until a few days ago, endeavoring to guide the "Ship of State" with a minority following, but finally succumbed and tendered his resignation to Governor General Borden, asking that the House of Commons be dissolved. This the Governor General refused and invited Hon. Arthur Meighen to form a Government, which Mr. Meighen accepted and endeavored to carry on with six acting ministers. He lasted two days and fell by the wayside, and the Governor General dissolved the House and so we are in for another general election, which it is expected will take place in September.

The last session has not been carried on effectively, and it is hoped that one of the parties will have a clear majority after the next battle.

The next contest will no doubt be a hot one, with the matter of tariff, constitutional rights, Natural Resources, separate school question, railway rates and policies all mixed up to add to the confusion of the electors.

This battle will settle, or should settle whether the people or the financial people of the East shall control. The electors should carefully study the questions and not be stampeded by the organized spellers, who seldom represent the welfare of the everyday citizen who has to carry the burden of taxation.

CANADIAN PACIFIC CROP REPORT

ALBERTA—Further rainfall was experienced over many portions of the province recently, substantial precipitation being reported from Kipp along Aldersyde, Red Deer and Leduc Subdivisions to Edmonton. Good rains also occurred along Wetaskiwin Subdivision as far east as Loughheed; on Lacombe and Corralville Subdivisions from Lacombe to Compoor; the Irricana and Cardston Subdivisions from Gleichen to Carletonplace; and from Carbon to Irricana and on the Brooks Subdivision from Brooks to Medicine Hat. With the few exceptions all districts in province now have plenty of moisture. A wonderful change has come over the whole crop situation in Southern Alberta, and with reasonable conditions from now on there is every indication that the crop in this territory will be fully up to and probably better than average. Even in those localities in southwest and extreme southeast which were severely har- assed by drought conditions, recent rainfall has improved conditions to ex- tent that fields that were considered past recovery now appear that they may make a crop.

Pastures now have good green color and are furnishing ample feed for stock, indicating more hopeful attitude prevailing this year in the fact that large increase in sales of farm implements is reported over 1925.

CRICKET

Last Saturday the local crickets
spent a most enjoyable afternoon
when they met the Bankers and Brokers
team on the latter's grounds. They
met a most decide defeat by a
score of 218 to 70. However, the score
is in indication in regard to the game,
which was the most enjoyable of the
season.

The game next Saturday will be
played on the grounds of the C.P.R.
Royals, at Calgary, in Hilly Park, and
members are requested to be on the
grounds at 2.30 o'clock sharp.

with friends at Rimby.

Mr. McLean is off to Calgary for a
two weeks vacation.

The outdoor Social on June 30th
under the auspices of the Ladies Aid
was well attended and if the storm
had not have intervened, would have
been quite a success, however, the Aid
realized about \$28.00 clear after expen-
ses.

The ball game between Crowfoot
and Namaka resulted in a score of 7
4 in favor of Namaka.

Our boys are quite enthusiastic over
the Stampede and gave us a real ex-
hibition of riding a bucking pony one
evening.

School closed on June 30th and will
reopen on September the 1st.

Mrs. Ackerman of Spokane, Wash.,
is the guest of her sister Mrs. H. B.
Brown.

Mr. Lesly Ennes left on Saturday for
Banff, accompanied by his mother and
sister, who joined him in Calgary.

Fun and frolic at the Strathmore
